YOUR MONSTER FUN HIDE & SEEK CLUES:

Fill in your letters here!

- 1 There's a mischievous monster hiding near the *hole-in-one*. Seek it out, find the letter, then carry on the fun!
- 2 Near the water's edge where the boats sleep at night, *prehistoric bones* are within this monster's sight.
- 3 Where ancient trees grow *tall and across a mossy floor*, someone in the shadows is hiding a letter for sure!
- 4 This monster has made friends with *lions of stone*! If you ask nicely their secret letter might be shown.
- 5 Hop across the *stepping stones*, steady on your feet, keep your eyes peeled and someone mischievous you might meet.
- 6 Along the *metal railings* where ivy climbs and twists around, the next mystery letter might be found.
- 7 Oh no, one of the monsters has fallen in the lake! Find something *round and orange* to save it, before it is too late!
- 8 This monster has plenty of energy, so it has joined the *squirrels on squirrel island* to run around and play.
- 9 Cross over the *bridge*, there's no troll here, but look closely and a playful monster may appear.
- 10 Back to where coffee brews and pastries delight, a *café-loving* monster is staying out of sight.

You've cracked the code, well done!

Head to our Box Office and hand in your completed sheet or email your details and code word to lakeside-marketing@nottingham.ac.uk
